Bakewell.

There is to be a General Meeting of the Society on Saturday, October 22nd at 3.0pm. It will be held in the Lecture Theatre, Department of Geology, The University, Sheffield.

Following the business of the Society a general discussion will take place on the Knotlow Mine, Monyash. Mr. Brian Saville, of the Eccles Caving Club, will be present to give an account of his explorations at this mine.

The Field Meeting arranged for October 23rd will be a survey of the Main Rake, Stoney Middleton. Members meet at the Lover's Leap Cafe, at 10.45am.

An exploration and preliminary survey of old workings, uncovered by recent excavations for fluorspar, will be carried out. The Main Rake extends from Cliff Stile Mine, under Middleton Dale, and ranges up Middleton Pastures to Victory Mine. Access has been gained through these old workings into the Victory Level. This was a branch of the Moorwood Sough and was intended to unwater Victory Mine and eventually Water Grove.

The Bulletin of the Society Vol.1. No.3. now available, and contains reports on the preservation work undertaken by the Society; reports of field meetings; the last of two articles by Mr. J. W. Puttrell. Also included in this Bulletin is part one of "Some Terms used by the Derbyshire Lead Miners".
